

CHIYODA SINGAPORE (PTE) LIMITED

Visit to St Joseph's Home for the Aged.

CSL staffs came together to spend some time with the old folks. We made them laugh, sing some songs and also played some games together.

We brought them for walks and also feed them during lunch time. They were very happy; some of them even thanked us for being there.

It was very heart-warming for us to see them smiling and enjoying our company. The home takes great care of them and provides them daily with food and activities to do.

A donation box was made earlier before the visit and Chiyoda staffs have generously donated to the Home.

We all had a great time together and indeed a day to remember.
