

CHIYODA SINGAPORE (PTE) LIMITED

Giving back to the community is always one of special priority observed in Chiyoda Singapore.

It was one unforgettable November day when requests poured from sadden CSL employees who watched the devastating effects of the wrath of the Typhoon Haiyan in Tacloban Area, the Philippines. This gigantic typhoon claimed around 10,000 lives and left millions homeless and helpless.

A group of active individual immediately started an Inter-CSL donation drive that lasted for 3 weeks. Within this span of time, a total of 42 big boxes of clothes, canned goods and other dry goods were collected from employee donations and immediately transmitted to the Philippines via some help of local Filipino carrier. Another round of collection was done and received a total of SGD 16,300 transmitted to the Philippine Red Cross via Chiyoda Philippines and other local remittance center. It was not an easy task due to rampant anxieties and distress along the process. CSL hoped that these simple little ways can somehow ease the sufferings of the victims.

As part of the Chiyoda Singapore commitment to its Corporate Social Responsibility, CSL invite its employees to assist and donate their valuable blood to Red Cross Blood Donation Event.

For the Chiyoda Singapore Annual Dinner and Dance for Year 2013, CSL purchased the fashionable theme cups (shown at right) from ART@Metta as its D&D door gifts.

Arts@Metta is an organization that aims to equip special needs youths with life skills that promote integration, independence and employment. CSL contribution has benefited the organization to continue its daily mission to assist these special needs youths.
